GET TO KNOW & LOVE PORTLAND

Portland is a city that's easy to get to know and love. Hop on a METRO bus, private trolley or transit tour, or simply take a stroll along our tree-lined brick sidewalks in the Old Port and Arts Districts.

One of downtown Portland's best features is that it's so walkable with the waterfront always just a few blocks away. Whatever your ultimate destination, give yourself a little extra time because you'll find yourself pausing often to visit an intriguing specialty shop or boutique, explore an art gallery, or enjoy a little refreshment.

We are proud that most of our shops, restaurants and galleries are locally and independently owned, some of which are family owned for the second or third generation. It's one of the reasons that you'll experience a level of customer service that is hard to find these days.

Restaurants of all descriptions abound offering a culinary experience that you will not soon forget. Portland delights many visiting "foodies" for the number of our fine dining restaurants led by nationally honored chefs.

As you explore Portland, expect the unexpected. Down by the Ocean Gateway Terminal or the Maine State Pier you may well look out to the water and see a harbor seal looking back at you. Be sure to take a ride on our public water ferry system, Casco Bay Lines, and visit one of the many islands in Casco Bay.

Thanks in part to the city's long and distinguished history and preservation-minded citizenry, you'll find an architectural gem around just about every corner. It may be a building on the grand scale, like Portland City Hall, which presides over a plaza at the top of Exchange Street and designed in the French Renaissance style by the New York firm of Carrere and Hastings, architects of the New York Public Library. It may be an often-overlooked detail, like the bust of Vulcan, high on the facade of Mechanics Hall on Congress Street. It may be a charming work of public art like the little "horse" fountain on Federal Street, which features gargoyle fish and is dedicated to a former president of the Maine State Society for the Protection of Animals.

Portland is so beautifully compact, it's a short distance from the waterfront with its splendid

views to the endless charms of the Old Port, into the center of the city along Congress Street, and up to the Arts District, whose crowning glory is the world-class Portland Museum of Art designed by I.M. Pei.

Be sure not to miss the adjacent Children's Museum & Theatre of Maine, and the nearby Institute of Contemporary Art at the Maine College of Art. In the evening, take in a show at Portland Stage Company, State Theatre or at the stunningly renovated Merrill Auditorium.

Top off the evening with a beverage from one of many fine local breweries, and sample the lively local music scene at a bar or club.

With its beautiful natural setting; its blend of small-town warmth and urban sophistication; and its countless cultural, historic, and recreational attractions, Portland indeed captivates everyone.

Find your inspiration.

Year after year, the city tops the list as one of the best places to live and grow a business.

From its vibrant arts and cultural scene, to top-notch restaurants, great outdoors, and amazing quality of life, Portland offers what a big city can—but without any of the hassle.

Lady Captain's Ring

Active Lifestyle Diamond Rings
Come to the Source

"I Want to Wear My Ring All the Time"

Women told us what they wanted: a diamond ring which could be worn all the time and yet was both feminine and beautiful. We listened and created an entire collection of contemporary designs which are low profile, durable, and comfortable.

These exclusive designs were created to be worn 24 hours a day, 365 days a year, during the widest range of activities. Ideal for today's active lifestyles. Each ring in this lifestyle collection features a full platinum rim to protect the entire outer perimeter of your diamond.

The Lady Captain's Ring is a low-profile, comfortable, wearable, durable ring... flows with the hand... and is completely natural.

Your choice platinum or gold with the following size diamonds.

Maine Sea Glass

Lobsterman's Wife's Maine Sea Glass Bracelet

We saw an ad in *Uncle Henry's*: "100 Pounds of Sea Glass For Sale"... that's all it said. We called. Then we visited. She was delightful. She said she and her daughters, and then grandchildren, had been picking up sea glass on the beaches around her home forever.

The walls in her basement were lined with two types of coffee cans and glass jars. Some with mixed colors, some filled with solid colors. It was beautiful. This was the definitive collection of Maine sea glass. We met her asking price and bought it all.

The bracelet is real silver. The sea glass is securely set in handmade frames. Toggle clasp with adjustable length, fits everyone.

A really pleasant mix of colors. Every bracelet is different. Each bracelet is guaranteed a nice bright blue. (Blue is rare and we have it because it's from a lifetime collection.)
